

Cooler::Cooler

```
graph LR; A[Cooler::Cooler] --> B[Cooler::count_rotation]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is filled with a dark gray color and contains the text 'Cooler::Cooler'. The right box is white with a black border and contains the text 'Cooler::count\_rotation'. A blue arrow points from the right side of the left box to the left side of the right box, indicating a pointer relationship from the class to its static member variable.

Cooler::count\_rotation
